WALL STREET'S INCUBATOR
THE DEAN'S FOR EUGENICS
HAWK'S NEW TRIUMPH—By Arthur Brisbane
(Copyright 1930 by King Features
Syndicate, Inc.)

THE WALL STREET BABY had another pain yesterday. One stock failed, as an aftermath of firms gambling and men that know better will be frightened by this little incident in the richest country in the world.

From the biggest business men to the smallest nobody, we all should stop talking pessimism, and, instead, show signs of energy and courage. If we did, conditions would be better.

In modern incubators there are no sharp corners, the inside being made round to keep chicks from crowding into a corner and smothering each other.

Wall Street needs to be re-built, apparently an incubator principle. These easily scared to death are inclined to crawl into a corner and smother each other's prosperity.

DEAN INGE, OF ST. PAUL'S CATHEDRAL in London, most important clergyman, warns his fellows in the church that they must not "ignore the eugenics," namely, those interested in producing better children.

Nature does not know anything, according to the dean. We have scientific knowledge, and if we don't use it, that is "counted to our disadvantage."

THE DEAN EVEN TAKES an interest in the theory that a woman should be allowed to regulate the size of her family. There is something in the statement that nature doesn't always function perfectly. Of the first two brothers born on earth by nature's process, Cain and Abel, one killed the other.

ANOTHER OCEAN HOP STARTED yesterday, when Captain Boyd and Lieutenant Conner left Harbor Grace, just before noon, on the day to England. The most remarkable flying news is that Captain Hawks, who now ranks as the first flyer in America, or anywhere else on earth, flew from Philadelphia to New York City in 20 minutes, his average speed 270 miles an hour.

That speed, if sustained, would make the trip to Paris in less than half the Lindbergh time.

Those now living will become used to this advertisement: "New York to Paris, or London in 10 hours, with refund for any delay of more than 30 minutes."

MR. WICKERSHAM, HEAD OF PRESIDENT HOOVER'S commission on prohibition, intimates that a report will soon be made, and is said to believe that if the impossibility of enforcing prohibition is proved, that fact should be stated. Already many leading politicians, including the Republican and Democratic candidates for governor in

Kiwanians Hear Of Ohio Game Problem

Homer Bow, outdoors writer, discussed the fish and game situation in Ohio at a meeting of the Kiwanis club at the Memorial building Thursday.

Bow told of the introduction of species of fish and game into Ohio and its effect on sports.

He predicted that under the present conservation department fish and game conditions in Ohio would improve. Possible changes in fish and game laws at the next session of Ohio legislature were discussed.

MOTORIST HELD AFTER STRIKING 2 PEDESTRIANS

Mother and Son Injured By Auto; Driver Faces Serious Charge

Two Salem residents were injured, one seriously, when they were struck by an automobile operated by a Canton man who is charged with operating a motor vehicle while under the influence of intoxicating liquors and is being held by Salem police in the city jail.

The accident occurred at South Lundy avenue and East State street intersection about 9:15 p. m., Thursday. Mrs. John Bailey, 68, of 717 South Lundy avenue, sustained fractured ribs and other injuries while her son, Edward, of 478 East State street, was bruised and cut.

Mrs. Bailey, with her son, were walking across the street intersection when the automobile, driven by Orrie Thompson, of Canton, is reported by witnesses to have driven through the traffic light while it was flashing a red signal. The car struck Bailey and ran over his mother.

Bailey, not injured seriously, was able to notify police and Thompson was placed under arrest by Patrolman William Reardon. The woman was taken to a doctor and later removed to her home. Full extent of her injuries have not been ascertained.

Thompson was lodged in city jail and later was examined by a physician who reported to police that the man was intoxicated. A charge of driving while intoxicated was filed against him immediately.

The accident was witnessed by Jack Engert, 751 Morris street, and Herbert Kelly, 154 Third street. Kelly reported to police that Chief T. W. Thompson, said that Thompson had driven through the red light at the intersection.

Thompson will be arraigned before Mayor J. M. Davidson as soon as physicians ascertain the seriousness of Mrs. Bailey's condition.

Mrs. Ralph Sturgeon Heads G.O.P. Group

Mrs. Ila Marshall Cronin of East Liverpool, member of the state central committee, met with the Women's Republican club of Salem Thursday evening at Memorial building and discussed plans for the coming campaign.

Mrs. Ralph Sturgeon was elected chairman of the club for the coming year, and Mrs. John Litt was chosen secretary. Mrs. J. D. DeWeese was retained as treasurer.

VESSEL RADIOS PLANE FOLLOWS ATLANTIC LANE

Position Given As About Two Hundred Miles Off Coastline

IRELAND WATCHING FOR FAMOUS SHIP

Successful Flight Would Mean Two Crossings For Monoplane

(By Associated Press)
LONDON, Oct. 10.—The steamship Virginia sent the following radio this afternoon:

"Airplane flying low, easterly direction, position 49.08 north, 10.25 west." This is on the Atlantic ship lane about 200 miles off Lands End, England.

The wireless indicated that the plane presumably the Columbia, was rapidly nearing its destination.

The course indicated would take the Columbia south of the southern tip of Ireland. Previous indications had been that the fliers intended to fly over the Emerald isle.

Taking the more southerly course would not necessarily add much to her journey to Croydon.

Irish fisher folk of County Cork peered into clear skies over Bantry bay today, hoping momentarily to see the yellow-winged monoplane Columbia come out of the west bearing Captain Errol Boyd and Lieutenant Harry Connor on a flight from Harbor Grace to London.

The Canadian airman and his American navigator, guiding the Columbia in its second journey over the Atlantic ocean, expected to make their landing on the shores of Bantry bay, and when they set out yesterday morning at 11:20 (eastern standard time) from Harbor Grace, they expected to reach Croydon aerodrome, out of London, in about twenty-three hours.

Seen By Line Liner

They had not been heard from since the liner Lancaster reported sighting the plane at 5:40 o'clock last evening, when it was 400 miles out to sea from Harbor Grace.

Failure to hear of the radio-less plane through the night occasioned no alarm, however, and it seemed quite likely that even if the Columbia made fairly good progress, it might not be over Ireland before noon today.

The distance from Harbor Grace to the Irish coast is about 1,700 miles.

McCULLOCH CAMPAIGN TO LEAD HIM THROUGH COLUMBIANA COUNTY

Political Pot Boils More Furiously Than At Any Time In Past 10 Years; Nationally Known Speakers To Tour Buckeye State

With the cauldron of Ohio politics boiling more furiously than at any time in the past 10 years, candidates of both parties are in the midst of an intensive campaign.

Nationally known Republicans are scheduled to come into Ohio on the heels of Vice-President Charles Curtis, and the candidates themselves have announced the paths they will follow over the state in their campaign.

Senator Roscoe C. McCulloch of Canton, will be in Columbiana county on Oct. 16, according to his present plans. His tour will carry him through much of the northern and eastern parts of the state.

National Speakers To Come

Republican state headquarters today announced that Secretary of Agriculture Arthur M. Hyde, Congressman John C. Ketcham of Michigan; Renick W. Dunlap of Ohio, assistant to Hyde, former Governor D. W. Davis of Idaho and Congressman Leo C. Dyer of Missouri, are to speak in the state.

Secretary Hyde is scheduled as the principal speaker at a Republican rally in Chillicothe, Oct. 14. He will speak at Mt. Vernon on Oct. 13 and in Columbus on Oct. 15. Meantime, Governor Cooper's itinerary will be as follows:

Oct. 13, Preble county road opening, address at Eaton; Oct. 14, Toledo; Oct. 15, address to League of Women Voters, Zanesville; Oct. 17, Zanesville, Cambridge, Cadiz and Steubenville; Oct. 18, Lancaster.

Senator McCulloch's schedule is as follows: Oct. 13, Medina, Oberlin and Elyria; Oct. 14, Ashtabula and Ashtabula County; Oct. 15, Youngstown; Oct. 16, Columbiana county; Oct. 17, Akron, and probably Cuyahoga Falls, Barberton, and on Oct. 18, Steubenville.

Senator McCulloch continues to make a speech dealing with the tariff and American investments abroad. Governor Cooper not only has assailed his Democratic opponents but has taken them to task for attacking his administration, and Buckeye and White have replied in kind.

The federal government of President Luis from its Capital at Rio de Janeiro, asserted its forces were rapidly recapturing the state of Minas Geraes and on the verge of reentering Bello Horizonte, the state capital. Federal troops were marching against rebel detachments in Bahia and Rio de Janeiro, it was stated, with a prediction that the revolutionists in the south soon would capitulate entirely.

Colorful Throng Expected To Attend Football Game

Warren High Brings Formidable Team To Salem For Annual Contest; Two Bands Will Be Present; Contest Important For Red and Black

The floodlights of Reilly athletic stadium will be projected over one of the most colorful throngs of grid football of the 1930 football season when representatives of Salem High clash with the formidable Warren High aggregation at 7:30 tonight.

A gathering of approximately 3,000 fans of the two cities together with bands of both schools will be present at the game. The estimate on the crowd is placed according to advance indications, more than 500 being expected by Salem school officials from Warren, 150 tickets sent to the student body there having been sold Thursday.

Warren's band of 75 pieces and the Salem musical outfit of 50 musicians will add to the color available at the contest. Both bands will march down the gridiron playing school songs between halves while the Salem group will parade through the downtown business section previous to the game.

The game is considered as one of the most important of the season to both teams. It is Salem's first contest in the Northwestern Ohio Big Ten interscholastic association since it defeated Alliance on Thanksgiving day, to win the league championship. Warren, considered as one of the leading contenders for Salem's titular crown, also inaugurates its league season in the game tonight.

It is the Red and Black's fourth game of the season. Two games have been won, one of them being the 95-0 game against Leetonia last week, and one game and loss one. Its latest victory coming over Sharon, Pa. which previously had won 15 consecutive victories.

Davey Williams of Girard will referee the game with Gross of New Philadelphia and Weiss of Youngstown as assisting officials. The head timekeeper will be E. E. Engelhart of the Salem High faculty staff. Time of periods will be 12 minutes.

BREAKING UP OF BRAZIL SEEN IN REBEL UPRISING

Largest South American Republic Visioned As Falling Apart

BATTLE REPORTS ARE CONFLICTING

Federals And Rebels Are Claiming Victories In Operations

(By International News Service)
BUENOS AIRES, Oct. 10.—A long drawn-out civil war, with the break-up of Brazil into several independent states such as Rio Grande do Sul and others, was held in prospect today as the logical outcome of the present upheaval in the largest of the South American republics.

While the insurrectionist factions of Brazil predicted the early downfall of the federal government and the latter would become deadlocked in the next few days, punctuating this military impasse with a few isolated encounters.

Junckes Halt Action

The vast jungle spaces, the far flung pampas stretching for miles without a sign of habitation except for the picturesque gaucho, all contributed to the difficulties of concerted military action, rendering allied and cooperative action between the loyal and rebellious states alike well nigh impossible. The opposing commanders were practically forced to limit or two of the main states, leaving others in distant states to carry on their own programs.

Under these conditions it was logical that the battlefronts should locate itself along the important coastal stretch, centering in the powerful states of Rio Grande do Sul, Santa Catharina, Parana, Sao Paulo, Minas Geraes and Pernambuco.

Information Conflicting

From these battle arenas poured a maze of information from the rival factions that was as confusing as it was contradictory. Major victories were claimed almost hourly by the federalists and rebels alike.

The federal government of President Luis from its Capital at Rio de Janeiro, asserted its forces were rapidly recapturing the state of Minas Geraes and on the verge of reentering Bello Horizonte, the state capital. Federal troops were marching against rebel detachments in Bahia and Rio de Janeiro, it was stated, with a prediction that the revolutionists in the south soon would capitulate entirely.

Contradicting this information, however, was the opposition claim that their own forces in Minas Geraes administered a sound defeat to federal troops, capturing the city of Juiz de Fora, together with large stocks of ammunition and arms.

Kansan To Head American Legion

BOSTON, Oct. 10.—Ralph T. O'Neill of Topeka, Kan., was elected national commander of the American Legion at the annual convention Thursday.

O'Neill defeated Munro Johnson of Marion, S. C., the only other candidate whose name went before the convention. The vote on a roll call of the state delegations, was:

O'Neill, 879; Johnson, 346.

Upon request of Johnson the election was made unanimous.

EAST LIVERPOOL COURT FAILS TO HAND IN REPORT

Five-Month Interval Has Passed Without Any Statement, Claim

EAST LIVERPOOL, O., Oct. 10.—The municipal court, with jurisdiction in East Liverpool proper and Liverpool township, has paid \$1,482.84 into the city treasury so far during 1930, City Auditor William M. McGraw has announced.

Of this sum \$640 was received on January 30, while \$1,162.84 was credited on July 22. McGraw said. No reports were made during the five-month interval, the auditor declared.

The total receipts during 1929 were \$17,249.56. McGraw said. This is exclusive of the county's share, which is sent to the county auditor.

No Monthly Report

"Reports are made spasmodically to me," McGraw added. "I do not receive a monthly report."

McGraw receives the money from the court, then forwards it to the treasurer.

Judge Harry Brokaw said the law provides for a monthly report of receipts.

The report for the nine-month period was announced as Miss Sara McMillan, deputy clerk for the last 20 months, prepared to become acting clerk of the court, succeeding A. Earl Edwards, resigned.

Judge Brokaw said Miss McMillan would serve pending his selection of an appointee to fill the vacancy.

31 Gallons Of Liquor Found, Destroyed; Two Stills Located

CHARGES FILED IN DAVIDSON'S COURT

Activities Of Police For Last Month Is Record For Dry Efforts

Continuing their extended drive on Salem bootlegging activities Salem police raided the home of Michael Depnar, 450 Etna street, and confiscated a five-gallon copper still, 31 gallons of whiskey and a quantity of beer Thursday afternoon.

Charges of manufacture and possession of intoxicating liquors were filed against Depnar by Police T. W. Thompson immediately following the raid. Depnar, who was released from city jail on his own recognizance because of illness, was to be arraigned before Mayor J. M. Davidson this afternoon.

The raid was conducted by Police Chief Thompson with Patrolmen Ralph Steffer and William Reardon shortly before 4 p. m. yesterday.

The raiders had no difficulty in obtaining entrance to the man's home and found 11 gallons of whiskey and 28 bottle of beer in the house. The whiskey, Thompson stated, was located in the basement of the house.

Continuing their search police uncovered a still buried in the ground in the rear of the house. The still was in demolished condition and had apparently not been in use for some time.

In a shed in the rear of the house another still, which police believed had been used recently, together with 20 gallons of whiskey, were found.

All of the whiskey but one gallon which will be used for evidence, was destroyed by the officers. Depnar was brought to city jail lodged in city but was released later.

The raid was another of a series of searches being conducted by police here of all places suspected of bootlegging. Police conducted 115 searches of various places in the city during the month of September, made several arrests and also confiscated a still similar to that found in Depnar's home.

The raids are being continued by police this month, an average of two being conducted daily.

Plenty Antiques

BEVERLY HILLS, CAL., Oct. 10.—If it ain't one calamity hits us, it's another. Did you read where Jessie Livermore, E. F. Hutton, Marshall Field, Reinholdson, Sloan of General Motors, and Farrell of U. S. Steel and a host of others have been buying their "antique" furniture in England before it was even aged in the wood?

They couldn't make these new antique "high boys" fast enough for our new rich "old boys."

This expose will bring a hardship on our wealthy. It's liable to force 'em to use American-made furniture.

U. S. middle class over here never have to worry about having old furniture to point out to our friends. We buy it on payments, and before it's paid for it's plenty antique.

COMING EVENTS IN DECEMBER

The National commission on law observance and enforcement had had to start work again after its summer recess, so it met last Wednesday. For some reason or other it was rumored the commission might make important pronouncements on prohibition, and as a consequence unusual interest arose. But that isn't the way governmental wheels go around; less than a month from now the off-year elections will be over and then will be time enough for Chairman George W. Wickersham to make his report on dry law enforcement conditions.

Prohibition is too controversial an issue to permit a group appointed by the administration to complicate it by an expression of opinion now. It is reasonable to expect that the forthcoming report, which will be made in December, will commit the commission one way or the other on prohibition.

A few weeks ago Former Judge Mackintosh, a member of the commission and a dry, announced he would insist on a definite report.

Chairman Wickersham has indicated similar inclination. Appearing before the house subcommittee on deficiency appropriations, May 27, 1930, Chairman Wickersham testified that the commission had decided tentatively that judgment upon prohibition lay without its scope, but admitted there had been a strong difference of opinion in reaching that decision. Judge Mackintosh's more recent stand indicates that the decision may be reversed before December.

The effect of the commission's ultimatum, regardless of which side of the controversy it favors, will be great. Its examination of the issue has been, beyond any doubt, the most searching that has been made. Best of all, its verdict may be accepted as impartial, since the members of the commission are not advocates for either side of the question.

Wet and dry extremists will be dissatisfied, naturally, but persons who are sincerely seeking light on the nation's most perplexing problem are looking forward with keen anticipation to the report that will be made available next December.

OHIO'S MEMORIAL

The largest state gathering of the autumn is expected at Springfield the last three days of this week on the occasion of the Ohio Revolutionary Memorial Sesqui-Centennial celebration of the victory of General George Rogers Clark at Piqua, a few miles southwest from the present site of Springfield, Ohio is as eager to claim an important part in the Revolutionary war as any other state.

Historians admit that Clark's victory at Piqua was important. It was, perhaps, the most important single stroke he made toward preserving the effect of his conquest of Vincennes. That previous battle, incidentally, was the "turning point" of the British offensive from the west rather than the battle at Piqua, despite the efforts of publicity agents to give Piqua as much importance as possible for this week's celebration. General Clark, understanding Indians as he did, knew that it was necessary to chastise the Shawnees roundly to obtain transfer of their allegiance from the British to the struggling American cause. The following excerpt from an ultimatum sent by General Clark to the tribes that were still hostile after the battle of Vincennes reveals his attitude:

"This is the last speech you may ever expect from the Big Knives; the next thing will be the tomahawk. And you may expect in four moons, to see your women and children given to the dogs to eat, while those

nations that have kept their words with me will flourish and grow like the willow trees on the river banks, under the care and nourishment of their fathers, the Big Knives." The "Big Knives," it may be explained, were the Americans.

General Clark backed up his strong language with a strong arm. Two expeditions into Ohio, including the one culminating in battle at Piqua August 8, 1780, proved to the warlike Shawnees that the "Big Knives" were a good organization with which to make peace. All the warriors of the Shawnee nation were on hand at Piqua and were backed by a band of Mingoes. When Clark and his Kentucky squirrel shooters were through with them, however, they all were just Indians—humble, beaten Indians, despoiled of crops, village and prestige. For the comfort of those who are squeamish about such things, not many Indians were killed. Clark reports 12 dead in his lines and the total Indian dead at 64. His own loss was 16. The Indian's philosophy of fighting, fortunately, advised him to save his own skin when there was nothing else left to do.

The good wishes and congratulations of Ohio go out to the inhabitants of Clark county as they celebrate an important event this week. The long list of notables who will be present to honor the occasion, the monument to General George Rogers Clark which has been built in the new state park that includes the Piqua battlefield and the elaborate pageant that will be staged to refresh their memories betoken the importance of Clark county as Ohio's most notable historical spot.

What Others Say

LOOK OUT FOR THE CARS
While the United States is struggling with its grade crossing problem, the supreme court of Japan announces that henceforth no damages can be collected by the motorist hit by a train. This is on the theory that the responsibility of being on the track rests entirely on the motorist.

Japan's population is about half that of the United States, while its area equals that of North and South Dakota combined. The railroad passenger traffic is enormous. The number of automobiles, however, is only about a hundred thousand.

So the court regards maintenance of train service of paramount importance, compared with efforts to preserve the lives of "idiots who race trains to crossings." It is up to the Japanese motorist to see that he does not drive on a grade crossing without extreme caution. If he does, he must take the consequences.

Sometimes it is difficult to get the Japanese viewpoint. But there is a certain degree of validity in the Japanese court dictum about motorists' responsibility for their own safety. —Minneapolis Journal.

HEALTH

By Dr. Royal S. Copeland

A CHARACTER TIP

A great deal can be learned of a person's health and character by the appearance of the hands. Care of the hands is really supremely important, and there are very good reasons why everyone should give attention to the subject.

Scrupulous cleanliness of the hands prevents many an infection from disease germs. Think of all the things you touch with the hands. Try as you will, you cannot avoid contact with contamination of one sort or another.

When the hands are neglected the result is hangnails, breaks in the cuticle or outer skin, or other broken surfaces. Any of these openings in the skin may be the gateway for some bad germ to enter the body. Soiled hands and fingernails carry a host of germs, many of them germs of disease. It depends upon your resistance to disease whether or not these germs become active in the system.

It is very necessary to wash the hands frequently during the day with warm water and soap. Every child from earliest years should be taught this lesson. The gentle use of a nail-brush helps very much to thoroughly cleanse the hands and fingernails. A fine pumice stone or pumice powder may be used to remove stains from the hands, or an excessive amount of dirt. Persons, particularly the feminine members of the family, who have tender skins find a soothing hand lotion helpful in keeping the skin soft.

Proper care of the hands is surely indicative of character. Almost always one scans the face and hands of a new acquaintance, even without thinking to note their appearance.

Many a mental note is instantly made. Slovenly dress and unkempt hands usually go along with a "don't-care" attitude toward life. If you would be successful in the world you must think of these things. You may not be able to dress in the fashion of the hour out of neatness of person, tidiness in dress and clean face and hands will carry you a long way to success. They are silent witnesses of character.

A common blemish of the skin of the hands is a wart, or a cluster of them. Boys often have them, and girls, as well. Adults sometimes have them. They are not serious in youth, and can be removed very easily by the family physician, practically without pain. In advanced life, however, they are more significant because one of them may break down into a malignant growth. It is better to have the warts removed when first they make their appearance.

Almost anyone may have freckles on the hands. This is true at the end of the Summer when the direct rays of the sun have turned the pigment cells to a yellowish brown color. Many times they remain on all Winter. But they are perfectly harmless.

Very often a mixture of glycerin alcohol and Cologne water is effective in whitening the skin. Don't do silly things in order to bleach out the important covering of your precious body.

Answers to Health Queries

H. J. K. Q.—What do you advise for blackheads?

3.—What causes headache?

3.—Why do I sleep with my hands over my head?

A.—Correct diet by cutting down on starches, sugar and coffee. Eat simple food. Send self-addressed stamped envelope for full particulars and repeat your question.

2.—The most common causes are: Eyestrain, infected teeth, tonsils and sinuses, constipation, indigestion, high blood pressure, kidney conditions or catarrh. Have a careful examination.

3.—Due to habit.

NEW YORK
Day by Day
by O. O. McIntyre

NEW YORK, Oct. 10.—Thoughts while strolling: The clump of feet over those temporary elevated sidewalks. Like the clatter of sabots on cobblestone. Women who part hair in the sleek Grecian manner, attend high-brow lectures, get cock-eyed in Harlem night clubs. And think "Lysistrata" is art instead of a filthy play.

Theodore Dreiser, a Terre Haute, Ind. boy, who made good in the city. Do radio performers have to wear sideburns? Fluster quick-talking flappers eternally glancing in mirrors. Col. Joseph Hartfield, the lawyer. The window mannikin parades in upstairs gown shops certainly tie up traffic.

John N. Wheeler's Panama and brief case. Those freshly barbered gamblers with white rayon shirts and pungent scents of cologne. The East 54th street blind pig owner who is a fashion plate. Pastel shaded suits with lapel flowers to match, the very dear! Tush and Tush, sign painters.

Sombody should tell the capitulating Irene Bordoni never to take a high note. Ladies who walk alone slowly—until they pick up someone. No. 16 Park avenue where the Courtney Coopers hang out. The

slit district. Agencies supplying French maids and English butlers by the hour for those aching to pay for the lug.

Union Square looks natty again. But it is a public park and should be for children and peaceful citizens instead of wild-eyed agitators. Viola Brothers Shore—a writer with a pretty name. Why does time disintegrate so many friendships? Medical students with peaked gaudes.

The grand all-glass-and-aluminum book cases. Old Faro Pete is a rheumatic corner news-dealer. What's blind stitching? An euphemism name. Karietta Kionask Kapeta. Electric fixtures go modern, too. The timorous sunshine of Indian summer and the silvery haze that hangs over the town.

Fat cops in roaming cars searching for unmuzzled dogs. But the big police dogs are never bothered. You could take the eyebrows of Irvin Cobb, Ring Lardner and J. M. Flagg and stuff a fair sized mattress. And the ears of O. O. McIntyre and sail a boat.

An elevator man in our neighborhood has two signs: "Nice weather" and "Bad day." The appropriate one is hung daily in his car to plug conversation.

The Beverly dance hall is gone. The boys and girls have drifted uptown to the dime-a-ticket places where they "dawance" instead of "dance." A big undertaking parlor graces the spot where Chuck Connors held his weekly free-for-all "spells." Over his entrance hung

a banner: "Grab a rag and twist!"

A gentleman called today whose avocation of all things is peddling de-luxe penthouses. He has them from \$100,000 up to a half million. Some kiddie gave him my name as a prospect. He described one so glowingly I ventured to inquire the yearly upkeep. He figured off-hand \$50,000 and my lantern jaws folded back into the usual despairing pleats.

On hell-roaring Water street is a musty shop testing ship chronometers. They must be regulated after each landing, for a slight variation puts a ship off her course.

But farthest north in odd enterprises is in a Park Row cellar where a white whiskered old gentleman in skull cap platts horse hair hat bands for city dude ranchers. He charges from \$30 to \$60 and can plant a half dozen monthly. That job appeals to me. In a few more years I feel I would just like to sit around and plait.

The hot dog business went into a tailspin at Coney this summer. A concession known as Frozen Cuts topped all sales among edibles.

My wife announced today all my overcoats were out of storage and I inquired how many there were. "Well," she began to recapitulate, "there's your Billy B. Van tan, your Lew Dockstader plaid, your Al Johnson yellow." But I could stand no more and ran shrieking from the

room. Some day I'll slash my wrists and bleed all over the new carpets if they don't quit picking on me. (Copyright, 1930, McNaught Syndicate, Inc.)

The Stars Say

For Saturday, October 11

A very active and interesting day is forecast from the predominant sidereal influences. While things will move rapidly, and there will be a strong impulse to launch into bold adventures, yet there is an adverse aspect to thwart the plans and also it may be difficult to successfully approach those in authority or employers. Social, domestic or affectional affairs may engage the attention and there may be a disposition to overindulge, or be extravagant, in this direction.

These whose birthday it is may expect a very lively and interesting year with both business and personal affairs moving at high pitch. While new schemes may be subject to hazard through duplicity or fraud, and the employment may call for safeguarding, yet the general tone of affairs is happy and fortuitous. A child born on this day may be versatile, brilliant intellectually and of great personal charm, yet it may incline to extravagance and undue indulgence in this direction to the jeopardy of its workaday interests. It may lean toward subtlety and expediency, and suffer from such methods.

HOME CIRCLE

Twelve members of the Home circle attended a meeting Thursday afternoon at the home of Mrs. C. D. Arner, east of Salem.

Guests of the club included Mrs. W. C. Bush, Mrs. G. J. Wiggers, Mrs. Harold Fieght and Miss Optalia Bush.

In a floral contest the prizes went to Mrs. O. E. Bush and Mrs. Frank Binsmore, while the pie contest honors were won by Miss Vesta Kendig.

Autumn leaves were used to decorate the home and the table at which refreshments were served.

A meeting on Nov. 13 will be with Mrs. M. G. Huffman, south of Greenford.

MRS. CULBERSON HOSTESS

Mrs. Louis Stratton was included in the guest list when Mrs. Robert Culbertson entertained club associates Thursday afternoon at her home, Washington avenue. Prizes in the games were won by Mrs. Culbertson and Mrs. Chester Melinger.

A two-course lunch was a concluding pleasure. When the members meet in two weeks they will be guests of Mrs. Alden Smith, East State street.

PLAY BRIDGE

Mrs. Raymond Wilkins extended hospitality to her club associates Thursday evening at the home of her mother, Mrs. Wilkinson, Franklin avenue.

Two tables were in play at bridge. Mrs. Mervyn Bortolotto and Miss Helen Day captured the prizes. At the conclusion of the games the hostess served lunch. Miss Grace McCrea will entertain the members in two weeks.

AT TREAT HOME

Mrs. V. L. Battin and Herman Wright won prizes in the bridge games at a gathering of club associates Thursday evening at which Mr. and Mrs. M. E. Treat were hosts at their home at the Salem Country club, west of the city. After the games the hostess served lunch.

Mr. and Mrs. Omar Rinehart were guests of the club. In two weeks Mrs. and Mrs. Ed Jenkins, Winona, will be hosts to the members.

SAPPHIRE CLUB

Fancywork was the main pastime when members of the Sapphire club were guests of Mrs. John Greenisen, Lisbon road, Thursday evening. There were two guests, Mrs. Greenisen served lunch.

Plans were made for a Halloween masquerade party, which will be held in two weeks at the home of Mrs. James Horton, East Third street.

THURSDAY AFTERNOON CLUB

Thursday afternoon club associates composed the guest list at an enjoyable luncheon given by Mrs. W. W. Tolerton, East Third street, yesterday at her home. During the afternoon the women were interested in visiting and fancywork. Mrs. Howard Chamberlain, North Union avenue, has invited the members to meet with her in two weeks.

CLUB MEETING

With two tables in play, bridge was the chief pastime, at a meeting of club associates Thursday evening at the home of Mrs. Oscar Marietta, Newgarden road. Mrs. Lloyd Gibbons and Mrs. Russell Myers shared honors in the games. The hostess served lunch. In two weeks the members will be guests of Mrs. Donald Seoulin, Tenth street.

LEAF YEAR CLUB

Mrs. Paul Umstead won honors in a contest at a meeting of the Leaf Year club Thursday afternoon with Mrs. Mazy Whitacre, North Ellsworth avenue. Select readings also entertained. Lunch was served.

In two weeks the members will meet with Mrs. Leroy Porter, 579 East State street.

PLAY BRIDGE

Miss Ethel McNeely entertained her bridge club associates Thursday evening at her home, North Ellsworth avenue. When the scores in the games were counted the prizes were presented Miss Bertha Mae Hassey and Mrs. Paul Covert. Miss McNeely served lunch. The members will meet in two weeks.

LARKSPUR CLUB

Members of the Larkspur club had a progressive party Thursday evening. After attending a picture show they went to the Ridgeway miniature golf course to play golf, and later to the Wilson Coffee shoppe for refreshments.

CATHOLIC DAUGHTERS

Salem court, Catholic Daughters of America, held its business meeting Thursday evening at K. of C. hall, South Broadway.

At this time plans were made for a Halloween party in two weeks. Each member will be privileged to bring a guest.

MARTHA WASHINGTON CLUB

Martina Washington club members had an enjoyable luncheon Thursday at the Fleischer Inn, East State street. The table was ornamented with candles and flowers. Later the women attended the show at the Grand theater.

Mr. and Mrs. H. M. Butcher and daughter, Carolyn, who have been visiting relatives here this summer, left Thursday evening for New York City. Saturday noon they sail on the S. S. Calidonia for Glasgow, Scotland, where Mr. Butcher is employed by the India Tire company.

Mrs. Carrie Markle, of Alliance, has concluded a visit with her son and wife, Mr. and Mrs. Emory Cassie, Franklin avenue.

DRY LAW TO GET TEST IN COURTS

Prominent Attorneys Will Carry Case Into Supreme Court; Claim Laws Illegal

TRENTON, N. J., Oct. 10.—Claiming that the 18th amendment was never properly ratified and that the Volstead law is unconstitutional, a group of nationally known lawyers today announced they would carry a test case to the United States supreme court for adjudication.

The case of William H. Sprague, a Sussex county farmer who was arrested last March and indicted on charges of possession and transporting alleged real beer will be used to test the legality of the amendment.

Frederick M. P. Pearse, counsel for Sprague, entered a plea of guilty for his client but moved to dismiss the indictment against Sprague. On the motion, the case can go up on appeal.

TODAY

(Continued From Page 1)

New York, have declared that prohibition is a failure, also a criminal injury to the country, and should be repealed.

The daily murder news, bootleg news, racketeering and general crime wave news indicate the necessity of reaching some decision as early as possible.

As regards any change in prohibition, the probabilities, in the opinion of one humble observer, is that government, in obedience to public opinion in large cities, will ignore the law, not repeal it.

This would put the country on a permanent basis of whiskey made by bootleggers, beer made by those that don't know how to make it, and wine as soon as he chooses.

It is said the British never repeal a law, but let it die of its own accord. The British rule that a man may beat his wife with a stick no bigger around than his thumb remained law, long after such beatings had lost public approval.

EARTHQUAKES DISTURBS MANY PARTS OF EUROPE, including Germany, Austria and Italy. Yesterday buildings in Vienna were cracked, chimneys shaken down.

A hundred years ago, it would have been said that the human race was being punished, if a little late, for its wickedness in the great war.

But men recently have concluded that the laws of nature run along evenly, and are not used by providence to punish the wicked.

They would not believe as they did in 1680 that Saint Sebastian sent a plague, killing thousands, because no monuments had been erected to him, and stopped the plague when the monument was hastily completed.

NEW YORK CITY DOES NOT SEEM to feel any hard times pinch. It is announced that in 1931 the city will spend \$1 million more than in 1930.

The additional millions could easily be spent wisely, usefully and productively. Perhaps they will be. New York City, spending more than six hundred million dollars in 1931 will spend more than twice as much as the United States government used to spend in the days of Tom Reed and the "billion dollar congress."

Thrown In River

KENT Oct. 10.—Whooping it up last night before the Akron-Kent football game upper classmen strip, put two freshmen down to shorts and threw them in the Cuyahoga river where they were left to swim for themselves. Police provided them with wraps when they appeared in town.

Ohio Boy is Healthiest

"MY little son, Billy, had a bad case of measles," says Mrs. V. Sherman, 7027 Zoeter Ave., Cleveland. "He was having a hard time until I heard of California Fig Syrup and got him some. The first few doses regulated his bowels, brightened him up marvelously; even seemed to reduce his fever a great deal."

"I have since used Fig Syrup with Billy during colds or upsets. It has been a wonderful help to him; has assisted in making him the strong boy you see—perhaps the healthiest one in our neighborhood."

For more than fifty years, mothers have praised California Fig Syrup. Leading physicians advise its use with bilious, headachy, constipated children, or to keep the bowels open during colds or children's diseases. Children love its rich, fruity flavor. It tones and strengthens weakened bowels, helps make children robust.

Look for the name California when buying. That marks the genuine.

BRITAIN HONORS DEAD OF R-101

Bodies Of Victims Taken To Westminster Hall; Pathetic Scenes

LONDON, Oct. 10.—Under the brilliant moonlight of calm early morning—in contrast to the storm and rain which drove them to their doom—the 48 bodies of the R-101 dead were removed today from the mortuary, where they have lain since their arrival in London, to Westminster hall, where thousands of fellow Britons paid them homage.

Notwithstanding the hour a large crowd watched reverently as men of the royal air force brought out coffin after coffin and laid them on trolleys which transported them to Westminster hall, where bodies of kings have lain in state. Uniformed armies escorted the cortege.

Big Ben, the clock on the house of parliament boomed 1:30 as the first tender reached the hall. Women onlookers wept and a poorly clad man recited aloud the latin prayers of the Catholic church for repose on the souls of the dead.

One after another the 48 coffins, borne on the shoulders of the air-men, were carried to the purple covered dais in the corner of the hall, where they were placed in double line, a union jack was draped over each and numerous wreaths were arranged about them.

There were floral tributes of all kinds and sizes from costly hot house emblems from sovereigns and heads of the states of the world to humble wreaths and familiar garden flowers. "To Daddy From Us All" was the pathetic inscription on one anonymous wreath.

VESSEL RADIOS PLANE FOLLOWS ATLANTIC COAST

Position Given As About

miles. The plane averaged about 65 miles an hour when the Lancaster sighted it, and even though it gained speed as its gasoline load grew lighter, it would be in good time, if it reached Ireland by 11 a. m., or noon (Salem time).

Use Old Plane
The plane in which Chamberlin and Levine flew to Germany three years ago from New York, and which has achieved a multitude of flying feats, confronted a good deal of fog along its course but had generally favorable winds and the weather was clear this morning near its goal.

The Columbia, which at one time held the non-refueling endurance record and the long distance flight record, is equipped with the same motor and wooden propeller with which Chamberlin and Levine flew to Germany. It carries no radio.

Captain Boyd is a veteran flier. He was the first Canadian to enlist in the royal flying corps in the world war and was shot down over Holland where he was interned. After the war he returned to Canada and has been engaged in commercial flying.

Experienced Navigator
Lieutenant Connor is an experienced mariner and navigator, with several years' experience at sea in the United States navy.

Last summer Boyd and Connor with Roger Q. Williams made a non-stop flight from New York to Bermuda and return in the Columbia.

Before the take-off Captain Boyd expressed his full confidence in Lieutenant Connor's ability to direct the plane on a true course by dead reckoning.

"This is proved," he said, "by the fact that on the Bermuda flight Connor navigated me two hours through heavy rain and low ceiling until much surprised, I found myself over Hamilton harbor. If we had been one mile off our course we would have passed the island unseen."

MARKETS

NEW YORK, Oct. 10.—The stock market, battered to new lows yesterday by failure of a big brokerage house, opened today on a 2,000-000 share pace with prices sagging further.

There were great blocks of stock ready for exchange as soon as the market opened this morning. Opening quotations were for blues at 1-000 to 20,000 shares. In the first few minutes of trading some gains were noted but these soon were dissipated and the gradual recession of yesterday again set in.

United States Steel common stock made a new low since 1928 near the end of the first hour, selling at 145 1/2 off 1/2 from yesterday.

American Telephone also dropped to a new low for the year at 184 1/2, off 2 1/2 points and within 1 1/2 points of its low of 1929 at 183 1/2.

General Motors dropped to 36 off 1/2, a new low for the year.

Railroad shares broke to new lows for many years. Steel issues followed U. S. Steel to a new low ground. Leading industrials were hard hit.

HOOVER NOT TO GO ON VACATION

Duties At White House
Result In Cancelling
Of Summer Tours

WASHINGTON, Oct. 10.—President Hoover will probably be held at this desk throughout the fall and winter without a vacation, it was learned at the White House today.

Although Mr. Hoover had planned a national parks tour for the summer and when that was called off, a Caribbean trip this fall, it was said authoritatively that in the light of the existing situation he may be unable to get away for any extensive journey before next spring.

The President hopes, however, to get in a fishing trip of two or three days at some spot near Washington before congress convenes in December.

His associates said he would like to have a trip west and south this fall and suggestions have been made to him that he should accept the invitations offered by Kansas City and Texas. They made clear, however, he will be unable to do so.

The President has two speeches scheduled here in November, one on Armistice day and another November 19 before the child health conference. The intervening time must be spent in preparing the annual message to congress.

Assault Charges Bring Fine, Term

LIEBON, Oct. 10.—Fred Dodson, who was indicted by a recent grand jury for assault and found guilty by a jury, has been sentenced to serve 10 days in the county jail and pay a fine of \$50 and costs by Judge W. F. Lones.

The court overruled a motion for a new trial in this case.

Dodson has given notice of appeal, which has acted as a stay of execution of sentence. Dodson was indicted for assaulting a police officer at Columbiana.

Crime Waves Breaks

CANTON, Oct. 10.—Patrolman Elmer Walters, 42, was removed to a Canton hospital this morning after he had been wounded in a running gun fight with a man he was about to place under arrest in connection with a holdup at a store in which \$100 was taken.

The shooting climaxed an outbreak of crime in the city Friday afternoon. Two thousand dollars worth of jewelry was taken when burglars entered the home of Earl H. Hockins late Friday. The robbery was not discovered until today. An undetermined amount of loot was taken in three other burglaries staged Friday night and early today.

The fugitive who shot Walters escaped when the patrolman's brother officer ceased firing and went to his aid. Walters was shot through the shoulder. His condition is not serious.

Cavalry Forces Entrain For Battle Front As Troops Converge

(EDITOR'S NOTE—A. W. Folger, of the United Press bureau in Buenos Aires, is the first American newspaper man to establish contact with revolutionary forces in Brazil. Folger's first dispatch from Santa Ana Do Livramento, state of Rio Grande Do Sul, follows. The revolution started in Rio Grande Do Sul, and Folger will follow its developments there and in other parts of southern Brazil.)

BY A. W. FOLGER
(Copyright, 1930, by United Press)
SANTA ANA DO LIVRAMENTO, BRAZIL, Oct. 10.—The "gauchos" of southern Brazil, hard riding and fighting men of a great cattle country, have changed their picturesque costumes for soldiers' khaki. They have left the ranges for the battle front, and hundreds of them are guarding troop trains here, bound for action which the revolutionists hope will lead them to Sao Paulo and Rio De Janeiro.

Watches Cavalry Troops
Accompanied by Gen. Miguel Luis Da Cunha, chief of the rebel frontier forces, I watched several cavalry troops entrain for the state of Parana. The majority were volunteers, ranging between the ages of 18 and 25. They were well equipped, carrying Mauser rifles, sabers and blankets. Some of them retained their brilliant saddle blankets of dyed sheep skin, and many wore red handkerchiefs round their necks, symbol of the "Malhada Liberator," the alliance of the liberator.

Others carried green, red and yellow ribbons on their shoulders, the insignia of provisional service. The trains have been carrying forces northward to join Gen. Miguel Costa since the revolt started. Most of the troops will be transported at night, it is understood, to avoid the danger of attack by federal airplanes.

Towns Are Deserted
The streets of Santana, frontier town of the Uruguayan border in southernmost Brazil, were practically deserted today. Most of the men in the town and the vicinity have already gone north, in the forces which the revolutionists plan to send against the federal strongholds, Sao Paulo and the federal capital Rio De Janeiro.

Revolutionary leaders claimed steady progress. Francisco Flores Da Cunha, a rebel leader, told the correspondent that forces advancing southward on Sao Paulo from the state of Minas Geraes had captured the town of Lorena, in the state of Sao Paulo, containing one of the principal federal ammunition factories. The capture of Lorena cut off railway communication between Sao Paulo and Rio De Janeiro, Flores Da Cunha said.

One City Still Loyal
He declared that Florianopolis, island capital of the state of Santa Catharina, was the only important city in southern Brazil not held by revolutionists, but that it was expected to fall before a heavy siege soon. It was in Florianopolis that federal troops established the fifth army area to attack the revolutionists in the south.

He said that the only troops in Florianopolis were these disarming barking from two federal warships four days ago. The warships intended to stop at the city of Rio Grand Do Sul. Flores da Cunha said, and proceeded up the Laguna Das Patos, a body of water cut off from the Atlantic by a long peninsula, to the rebel headquarters in Porto Alegre. But rebels blocked entrance to the Laguna by sinking two ships in the channel.

Rebels Claim Success
Claims of rebel successes today, as stated in an official revolutionary bulletin included:

Five thousand rebel troops in Parana under Col. Souza Filho have joined Gen. Miguel Costa in the north; President Affonso Camargo of Parana was deposed and replaced by Major Plinio Tourinho. Revolutionary forces in Parana total 40,000 men; the state of Minas Geraes is two-thirds dominated by the revolt; from the north 20,000 rebels from the states of Piahy, Maranhao, Ceara, Rio Grande Do Norte, and Alagoas are marching on Bahia, ancient capital of Brazil and an important sea port.

Recent statements of the federal government that the revolution had a Communist origin are "ridiculous," the bulletin said, because the movement has been attacked by Communist leaders.

State Canal Route

SANDUSKY, Oct. 10.—The most feasible link between the Ohio River and Lake Erie was pointed out last night at the Portsmouth to Sandusky link by Prof. C. P. Sherman, head of the civil engineering department of Ohio State university. This route would pass through Tiffin, Bucyrus, Marion, Delaware, Columbus and Fremont, Sherman said.

Embezzlement Count

RAVENNA, Oct. 10.—A portage county grand jury yesterday returned an indictment charging P. M. Jones, former superintendent of the state highway department division here, with embezzlement of highway department funds. Jones was arrested in July.

MANY PROBLEMS FACE OPENING OF CONGRESS

Prohibition, Expenditures, Drought, Wheat and Many Others Listed To Face 71st Session In Less Than Two Months

(By United Press)
WASHINGTON, Oct. 10.—Important legislation, both new and old, awaits the short session of the seventy-first congress which will convene in less than two months.

The record breaking drought, the London naval treaty, unprecedentedly low prices of cotton and grain, the senate's investigation of campaign expenditures, census statistics, and charges of manipulation of prices on the Chicago board of trade by Soviet agents and others, have created new demands for legislation.

In addition, the short session will face the old Muscle Shoals problem, prohibition legislation, proposals for regulating interstate bus traffic, and railroad consolidation legislation, all of which have perplexed former sessions.

Tax Problems Up
Tax problems probably will provide one of the major issues for the December session. The administration has indicated it will seek to continue the \$100,000,000 tax reduction voted in the last session for one year only, because of the depression. President Hoover also, in his Cleveland speech suggested investigation of the tax on capital gains.

The London naval treaty, which was ratified at the special senate session in July, will result in appropriations for naval construction, a fight already is developing over the navy general board's program for building up to the limit of the treaty.

Expenditure Reports
One of the first problems of the short session will be to provide relief for farmers left penniless and

Seven Injured In Pittsburgh Blaze

PITTSBURGH, Oct. 10.—A stubborn fire which broke out in the "strip" district here last night, flared again with renewed fury shortly before midnight and early today was reported under control after virtually all this city's available firefighting force had battled for several hours.

Seven firemen and a motorcycle policeman were injured, none seriously, by falling bits of glass and bricks.

Firemen early today estimated the damage at more than \$100,000.

WORK PROMISE ATTRACTS MANY

Orderly Cleveland Through Storms City Offices In Hopes Of Job

CLEVELAND, Oct. 10.—Five thousand men thronged around city hall and crowded out into the street as applications were received at the hall for the employment of 2,000 men on three-day city jobs.

Patrolmen were hard pressed to keep traffic moving and the public auditorium annex was thrown open to accommodate part of the crowd. Eighty clerks were rushed to the scene to handle the flood of applications.

The jobs were created a few days ago when city council approved a \$200,000 bond issue for park repairs and improvements.

After looking at the crowd, Mayor John D. Marshall said he would introduce legislation in council Tuesday night for an additional \$50,000 fund to provide city work for unemployed.

Hundreds of the crowd spent the

tired

IN EVERY WALK OF life you meet the "Drowsy Bills" . . . men and women who are losing out because they are always tired. They try hard enough . . . but most often the poisons from constipation sap energy and strength—and bring illness, defeat and old age prematurely.

What a pity, when eating a delicious cereal could prevent it all! Kellogg's ALL-BRAN is guaranteed to relieve both temporary and recurring constipation! Two tablespoons daily—at every meal, in severe cases.

Kellogg's ALL-BRAN brings relief in a natural, healthful way, by sweeping the intestines of all poisonous wastes.

Eaten regularly, it helps keep the system healthfully clean.

Isn't this far better than taking pills and drugs that are often habit-forming and may become ineffective?

ALL-BRAN also adds iron to the blood. It is a delicious cereal with milk or cream. Use it in cooking too. Recipes on the package. At your grocer's. Made by Kellogg in Battle Creek.

POSTAL MAILING SHOWS INCREASE

Business Barometer Now Showing Fair Weather Ahead, Is Report

WASHINGTON, Oct. 10.—The United States postal system in its role of business barometer is now beginning to show the revival predicted a month ago by Assistant Postmaster General Arch Coleman. On the theory that postal history over a period of sixty years had shown the volume of third and fourth class mail rising and falling in direct ratio to the general business of business, Coleman anticipated postal return toward normal by feeling the business pulse.

He checked with mailers in large cities with regard to when they intended to resume distribution. As a result of that survey, he announced in August had been the worst of the slump and heavy mailing would be resumed about the middle of September, increasing their proportions through October and November.

September reports from fifty of the largest cities of the land showed a marked improvement over August reports. In August, 1930, receipts in those cities had been 11.54 per cent less than in August 1929, an unusual drop. But September 1930 receipts were only 7.94 per cent less than September 1929.

STATES HIS IDEAS
 Editor The News:
 Please permit me to use the columns of your paper for a few suggestions in regard to a west and playground. There are two ages of boys and girls that should be given more thought and consideration, namely the boys and girls of the period of 1850 to 1885, along with those of the present day.
 The thought comes to me along this line.
 Why not secure a tract of several acres of ground that our group has in mind, equip a part of it as a real play ground, and eventually erect a substantial building to be used as a community center, as well as a home for Treseott post No. 19, G. A. R., and its allied organizations?

These grounds to be known as G. A. R. Memorial park. A picture of it, it would be a living memorial to the "Boys in Blue", for generations to come, and aid the Women's Relief corps, Sons and auxiliary in instilling the spirit of good citizenship into the coming generation, for, please take this to heart, the boys and girls of today, are the men and women of tomorrow, and the bulwark of the nation's strength. I believe this project could be put over by popular subscription.
 Those not able to furnish money could help with labor.
 For my part, I will willingly donate one week's work toward clearing ground and help in any way within my power.
 We feel that our meeting of Oct. 7, was a success, as it started people to thinking. Let all show that good spirit of cooperation as did

those who aided this first meeting.

Farmer Wants Men To Hunt Property
 CRITONVILLE, MINN.—This is the time of the year when farmers go to town for "No Hunting Allowed" signs.
 A printer here, however, was surprised when Martin Schoen, owner of three farms, came in this week and asked for three hunting signs to be made up. The printer said he had them already on hand. Schoen told him his already made up ones wouldn't do and asked for three to read: "You May Hunt on This Farm."
 NEW LONDON, CONN.—The school board has ordered the destruction of text books that exaggerate the effects of alcohol and tobacco on the human system.

GERMAN EXPERTS INSPECT ROUTES

Columbiana County Scene Of Tour By Foreign Road Builders

LISBON, Oct. 10.—Should favorable weather continue, the Lincoln highway, between the Center and Hanover township line and Hanover, will be open to traffic probably Thursday of next week. Two days of rain has delayed work on the widening and resurfacing of this road, otherwise it would have been opened to traffic Sunday.

State Highway Supt. W. C. Neff, in charge of road construction in Columbiana county has received the last cars of material that is to be spread on this road.

A score or more road builders who are now attending the international road builders conference at Washington, D. C., including two from Germany have been in this county during the last fortnight inspecting the Columbiana county road system and type of construction.

Those from Germany motored from Pittsburgh with an interpreter and spent an entire day traveling about the county. The state highway department has also sent other road builders into the county for road inspection purposes.

Bids will be opened next Monday for the grading of the Teggarden-Franklin Square road, which is to be improved for about one and one-half miles by grading and with a traffic bound top.

This improvement is to be completed this year, as only about 11,000 yards of grading is to be done. This road will tap the Salem-Lisbon highway at Badger's Corner, and extend east to the paved highway in Franklin Square.

BULLETS FAIL TO HALT NEGRO

Auto Wreck Brings End To Chase By Police In Wellsville

WELLSVILLE, Oct. 10.—Glenn Smith, negro, is in city jail here uninjured, after local police attempted to stop his wild flight from a Lincoln highway gas station by firing 30 shots at him Thursday.

Smith, driving a sedan, secured oil and gasoline for his car at the filling station of C. L. Stullers near Kensington and then drove away without paying. Stullers notified police at Lisbon, East Liverpool and here and then gave chase.

Three Wellsville policemen who formed a human chain across the highway at the entrance to this city were nearly run down by the fleeing negro. They fired three shots all taking effect in the body of the automobile.

The car tore down the Wellsville hill under the gun-fire and crashed into a telephone pole. The negro left the machine and fled through the business section while police emptied their revolvers, firing 27 shots in all, none of which took effect.

They captured Smith when he fell prostrate on the bank of a river at the edge of the business section. He is held on a charge of obtaining merchandise under false pretenses and suspicion. Police believe the automobile in his possession stolen.

NEW RECORD FOR OHIO STATE U.

Some Departments Show Decided
Increase While Others
Enroll Fewer

COLUMBUS, Oct. 10.—A total of 10,612 students, 233 more than last year at this time, are enrolled for the fall quarter at Ohio State university, according to the bursar's report.

The largest increase in enrollment is shown by the graduate school, which has 142 more students than in 1929. The college of engineering ranks next with an increase of 78.

Other major increases are shown by the college of agriculture with 49 and the college of education with 42.

In three professional colleges losses are recorded. The college of pharmacy shows a decrease of 27 students, the law college 23, and dentistry 13.

The greatest loss is in the college of arts, where the enrollment is 83 less this year.

CHILDREN KILLED IN AUTO CRASH

Three Meet Death, Other Badly Injured; Two Men Art Hurt

ALTOONA, PA., Oct. 10.—Three school children were killed instantly, another child was probably fatally injured and two automobile drivers were seriously hurt today when a small automobile carrying the children to school collided with an empty school bus.

The dead are Mildred Dertolini, 15; Aldonina Giovinetti, 14, and Mary Arella, 15, all of Revloc, near where the accident occurred.

The fourth child, an unidentified girl, was taken to the Ebensburg hospital at Ebensburg.

Edwin Eagan, driver of the school bus, was seriously injured. The driver of the car in which the children were riding was less seriously hurt.

The children were enroute to classes at the Ebensburg school when the crash occurred.

Warren High Gridders Confident Of Victory Over Salem Team

THE DAY In Sports

BIG BATTLE TONIGHT
PICKING THE WINNERS

The big battle of Salem's early grid campaign is on at Reilly stadium. Coach Pierre Hill's Big Red of Warren High invades the Quaker City athletic stamping grounds with an aggregation of grid talent that will force the Stonemen to the limit and one of the season's outstanding contests is predicted. Fans of both cities are liberal in predicting victory but a winner will not have been selected until after the completion of 48 minutes of real battling.

The game is expected to draw a capacity attendance at the Salem field. The two concrete bleacher sections are estimated to accommodate 4,500 spectators.

While much attention is directed towards the Salem game, immediately following the battle the interest of grid addicts will be turned to the Ohio State-Northwestern game which is to be played at Evanston, Ill. tomorrow. Here are some of the principal games expected:

Salem to beat Warren, Northwestern to beat Ohio State, Carnegie Tech to beat Georgia Tech, Navy to defeat Notre Dame, Dartmouth to beat Boston U., Oklahoma Aggies to beat Indiana, Bucknell will win Temple, and West Virginia will win over Washington and Lee. Army is favored over Swarthmore and Columbia should annihilate Wesleyan. Oberlin might beat Case, N. Y. U. will trim Villanova and Harvard should win over Springfield.

Wash-Jeff should win over Wittenberg by a larger score than last year. Cornell will not have it tough against Hampden-Sydney. Wisconsin will obtain revenge for the defeat sustained at Chicago last year and Purdue will win over Michigan for a second consecutive year.

In scholastic contests Akron East won't be as easy for Chaney of Youngstown as many figure and may even win out. Alliance will be at Orrville. Others favored are: Boardman over Leetonia, Niles to beat Brookfield, Campbell over Youngstown, easy, East Palestine against Girard, Canton McKinley against Raven, Struthers over Akron South, Gary, Ind., to annihilate Youngstown South, and Wellsboro to beat Chester, W. Va.

Notre Dame is generally considered an unbeatable aggregation. Navy, with an almost entirely veteran combination has its best chance in history to trim the Irish and may do so. Knute Rockne's eleven was lucky, nothing else to beat Southern Methodist. Yale and Georgia are hard to figure but Yale should trim the Southerners this year. Geneva should trim Thiel and Ohio U. has the edge on West Liberty. Dayton and Ohio Wesleyan will have their annual hard fight with the Methodists holding the pre-game edge. Pitt will romp all over Reserve and Tennessee should run up the score on Mississippi.

Out of 19 games selected last week, 17 were picked correctly, one ended in a tie, and the second was an upset—the Ohio Wesleyan-Heidelberg affair that ended in a win for the Student Princes. This week games are much tougher to pick—an average of 50 per cent is expected.

N. GEORGETOWN

Mr. and Mrs. Edgar Sprout son, Charles Sprout and granddaughter, Lucille Williams, left Sunday by automobile for Lomita, Calif., going by way of Houston, Texas, where they will visit their daughter, Mrs. George Ball and family, before going to California, where they expect to make their future home.

Mrs. Bertha Benton of New Philadelphia spent the week end with Mr. and Mrs. Ernest Woolf.

Mr. and Mrs. Russell Reichenbach were Niagara Falls visitors over the week end.

Mr. and Mrs. George Oesch were guests of Mr. and Mrs. John Votaw of Cleveland Saturday night and Sunday.

Mr. and Mrs. A. L. Reichenbach and little sons were guests Sunday of Mr. and Mrs. Arch Young of Youngstown, while Mr. and Mrs. Sam Wang visited Mr. and Mrs. George Myers near Petersburg.

Hillmen Invade Quaker City Stadium Tonight For Big Ten Inaugural

Confident of evening the 16-year series with a decisive victory a strong Warren High aggregation invades the home battlefield of the Salem High varsity football machine for one of the most important grid battles of the 1930 season at Reilly athletic stadium at 7:30 tonight.

The Trumbull county team, coached by Pierre Hill, who for three consecutive years had developed successful grid elevens at Martins Ferry High, is one of three outstanding contenders for the Big Ten district interscholastic football championship.

Tonight's battle will inaugurate the 1930 Big Ten league campaign for Ployd Stone's charges. Last year the Quakers marched through three league adversaries, one of them Warren, for consecutive victories for undisputed possession of the district crown and it will be in defense of this title that the Salem team is expected to put up its strongest game of the season against the Hillmen.

Warren trimmed in '29. Warren last season was defeated by the margin of one touchdown the game ending with the score 6-0. It was one of the most bitterly fought contests of the year despite the fact that the Stonemen held the edge throughout and registered 11 first downs to five by Warren.

In total yardage Salem had the edge of almost twice that gained by the Trumbull representatives but it was in the kicking of sure-footed Ed Beck that Salem had its big margin, the star Salem booter averaging 47 and a fraction yards in eight punts.

Beck's kicking was the means of saving the Red and Black from a defeat in its game against Akron West two weeks ago and it is also expected to play a prominent role in tonight's fracas. Together with his booting ability he is looked on as one of Stone's most reliable ball carriers and will start the game with Capt. Bill Smith, John French and Young Jack Carpenter composing the remainder of the backfield quartet.

The backfield compares favorably with the combination developed by Stone last year but the battle tonight will decide definitely as to the all-around comparative strength of the two teams. Stone is confident that his team of this year is stronger than the 1929 aggregation but as yet it has been unable to come up to expectations.

Loss Of Vets Hurts. The loss of Capt. Glenn Whinnery, Leonard Yates, Wilbur Webster and Sammy Drakulich, together with reserve linemen, Ray Smith, Oscar Hipple and other stars has proven a greater blow than expected. In reserve strength, especially, has Salem been proven weak as Stone is being forced to depend mostly on lads whom he starts into a battle this year.

A development foreseen by many fans as an aid to the Red and Black is the showing of George Ballantine in scrimmages held during the past week until the probability looms that Stone will be able to inject the husky reserve of three years' bench warming experience into the contest against Warren as a means of replacing the loss sustained through the ineptitude of Webster. Another marked aid to Salem was the appearance of Houts, a newcomer, into football practices and he too may experience action against the Hillmen.

Because of Ballantine's showing the starting guards are not at all a certainty, the selection lying between him, Harold Hackett, who started the season as an end, Mert Whitcomb and Lawrence Weigand. Ballantine, though he has been a sub for three years, may be selected for one of the posts because of his advantage in experience. Paul Sar-

re is expected to play a prominent role in tonight's fracas. Together with his booting ability he is looked on as one of Stone's most reliable ball carriers and will start the game with Capt. Bill Smith, John French and Young Jack Carpenter composing the remainder of the backfield quartet.

Big Grid Games Go On Air

NEW YORK, Oct. 10.—The Navy-Notre Dame football game at South Bend, Ind., tomorrow will be broadcast over two nation-wide radio networks.

Beginning at 2:45 (E. S. T.) Graham McNamee will describe the game over a National Broadcasting company chain including WJZ, New York. Ted Husing will be at the microphone for the Columbia system and WABC, going on the air at 2:30.

The Army-Swarthmore game at West Point also will be broadcast by the N. B. C. through WEAF, starting at 2:15.

MOOSE ROLLERS IN HIGH SCORES

Salem Quintet Defeats Opposition Easily; L. Berger High

The Salem Moose lodge bowling team won another match in the Sebring Inter-City league, winning over the Atlantic and Pacific Tea Co. quintet by a margin of 472 pins Thursday night.

The Salem five cracked all league records for a single game total with a 1,060 the first game, Les Berger getting a 254, one of the highest scores of the early league season.

Salem won each of the three games by wide margins.

Gridiron Warfare To Open In Earnest On Buckeye State Front

(By Associated Press) Campaigning will be heavy along Ohio's gridiron fronts this weekend, beginning with five games tonight and continuing with a score of struggles, most of them important, on Saturday.

The invasion by Pittsburgh Washington and Jefferson, Grove City, West Liberty and Davis and Elkins, brings five of the best teams in the Allegheny range into the state.

Ohio conference games are numerous and important, especially the Case game at Oberlin, while all five Buckeye conference teams have scheduled hard opponents as final tunings for the campaign which starts next week. Several of them, including the usually mighty Ohio Wesleyan squad, will be lucky to come off with a minimum of injuries or avoidance of defeat.

Night Games Scheduled. Tonight's games find Denison at Muskingum, Kenton at Ashland, Davis and Elkins at Mount Union, Georgetown College of Kentucky at Xavier and Grove City at John Carroll.

The Denison-Muskingum tilt should be a dandy with Denison getting an edge. It will be Denison's first experience with night football and also Muskingum's first night-game at home.

Ashland had a big edge on Kenton, entertaining an Ohio conference game for the first time since its recent admission to the group. Mount Union expected the stiffest sort of an argument from the scarlet hurricane of Davis and Elkins. Coach Thorpe planned to put Captain Boyle out of center on defense and to use Callahan at halfback to get more speed. Raber, star end, was back at the wing after an experiment at tackle.

Xavier figured itself the equal of Georgetown but John Carroll, having lost its last four games to Grove City, was not so sure of itself.

Tomorrow will witness a football fiesta. Pittsburgh's mighty hosts play at Western Reserve which hardly figures to be more than another team on the field. Witten-

Sectional Battles Bring Much Interest On East-West Grids

NEW YORK, Oct. 10.—Although such purely sectional battles as Colgate-Lafayette, Princeton-Brown, New York University-Villanova and Syracuse-Rutgers are on tomorrow's eastern football schedule, interest centers in the march of southern conference elevens into the strongholds of the north.

Georgia hopes to make it two in a row from Yale at New Haven but the visitors will be under-dogs despite the 15-0 victory they scored a year ago at Athens, Ga. At Pittsburgh, Georgia Tech's formidable machine which bowled over South Carolina 45-0 a week ago, encounters Wally Steffen's high-powered Carnegie Tech eleven with the final result distinctly in doubt.

For two other conference teams, Virginia and Washington and Lee, prospects are not so bright. Virginia must tackle Lind Wray's Penn outfit at Philadelphia while Washington and Lee is facing West Virginia at Charleston, W. Va.

Navy, somewhat of a disappointment in its opening 19-6 triumph over William and Mary, encounters Notre Dame at South Bend. Pitt should have little trouble with Western Reserve at Cleveland, but Wittenberg will be no push over for Washington and Jefferson at Springfield, O. In the East's remaining sectional game, Cornell should have a romp with Hampden-Sydney at Ithaca.

Practice contests occupy other big eastern teams.

HOME-MAKING HELPS

By Wanda Barton

Extra trashbaskets can be great little step-savers, and the home that has a suitable-sized basket for kitchen, bedrooms and bath is inviting greater neatness as well.

Metal containers, with two-way swinging doors on top are now available, in small size, for the home. They dispense with the tedious fuss of lifting up and replacing covers every time one wants to get rid of a bit of paper. Also, in between uses the slanting top fits snugly enough to keep contents well hidden.

Some kind of trashbasket is essential to the kitchen and even two are desirable. One can be kept for odds and ends of paper that accumulate so rapidly during the course of a day's operations. But a trashbasket, kept as an accessory to vegetable preparation, may serve as a great convenience. When peeling apples, potatoes, shelling or stringing beans, etc., the trashbasket, lined with a paper bag, can be kept on the floor nearby. Then it's possible to do these jobs in a comfortable seating position, disposing of the peels or other waste, directly into the basket. No bits accidentally dropped. No messy handling of the waste. At the end of the task, the bag can be lifted out and disposed of completely.

The ample kitchen trashbasket also stands guard against a common carelessness—throwing papers with damp kitchen waste—quite a crime in the household without a mechanical incinerator.

Most important—a big enough trashbasket in the children's room. A place to throw her own torn papers, broken crayons, and other bits of rubbish will help a lot in inculcating habits of neatness in the small person. Not only does it keep her own room tidy, but she will be less inclined to throw papers carelessly about in the street, perhaps, (who knows?) even when she grows up.

Changes following the Northeastern Ohio conference of the Methodist church, resulted in two families moving away from New Waterford and one moving into town. Rev. E. R. Reed was transferred to the Pennsylvania avenue church in East Liverpool, and moved his family there. C. F. King has again entered the ministry after a few years spent in the school room and was assigned to Peoli, O. to which place he moved his family. Rev. V. T. James is the new minister, who has brought his wife and three children here from Amboy, O.

The P. T. A. held its second meeting of the year on Monday evening with a good attendance from both Middleton and Unity townships. Mrs. S. E. McCune resigned as secretary-treasurer and Miss Evelyn Johnston will fill the vacancy. The program consisted of piano solos by Miss Martha Zimmerman, a reading by Miss Emma Dyke, and a playlet presented by high school students. The committee in charge of the meeting next month includes Mrs. Harry Unger, Mrs. S. L. Young and Mr. Blair.

J. H. Koch of the local bank and his son, Carl Koch, of the Union Savings bank of Bellaire, attended the sessions of the American Bankers Association in Cleveland last week and enjoyed the distinction of being the only father and son in attendance who were employed by different banks in different towns.

Old Deed Book Tells History Of Founding City Of Canton

LISBON, Oct. 10.—The original plat of the town of Canton, as recorded in deed book No. 1 in the office of County Recorder Paul Smith shows but 264 lots, and that these lots with but few exceptions were 66 feet wide and 180 feet deep. The plat which was filed for record Nov. 11, 1805 was signed by Bezaiah Wells, "Proprietor of the town of Canton," and the affidavit to the plat was signed by William Harbaugh, at that time a justice of the peace at Lisbon.

The plat shows that the few streets were named Cherry, Walnut, Market, Poplar, Plum and Tuscarawas, these extending in one direction, and cross streets began with North, and then numbered consecutively from Second to Tenth with the last street platted being South. Last named streets were 60 feet in width and others were 80 feet wide.

Lay Out Streets
At the corner of Plum and South street was platted a side for a grave yard, and on opposite corners of Tuscarawas and Plum streets were sites for "a house of worship" and "academy or public school."

Market street, however, had a width of 100 feet.

Shortly after this plat was recorded and on Jan. 9, 1806, there was recorded "conditions of sale of lots in the town of Canton." The text of this record reads:

"The undersigned proprietors of the town of Canton offer their lots for sale on the following conditions, viz:

"1st. No bid to be taken under twenty-five cents.

"2nd. The highest bidder to be the purchaser.

"3rd. The purchaser to give his note for the purchase money payable one half in six months and the other half in twelve months from the day of sale.

"4th. The proprietors to give their certificates to make a deed to the purchasers on the payment of the purchase money within eighteen months. And, as the proprietors can give no assurance that Canton will be fixed for the seat of justice for a new county, it not being dependent on their will; they bind themselves in case the seat of justice shall not be fixed at Canton,

to pay three-fourths of the purchase money to any purchaser that shall have paid the whole, or to discount three-fourths to such as shall not have been paid; provided such purchaser shall make application for that purpose within three months after the seat of justice shall be fixed by commissioners on any other land.

And, provided such purchaser shall at the same time relinquish his claim to the lot or lots purchased by him.

Seek Seat of Justice
"The proprietors with a view to give themselves a fair opportunity of holding competition with other proprietors of towns for obtaining the seat of justice, reserve every other lot, not to be offered at the present sale; either to be presented to the county, or hereafter to be disposed of and such part of the proceeds of the sale to be presented, as may appear to them necessary to induce the fixing of the seat of justice at Canton."

This instrument was signed by Zach A. Beatty and Mr. Wells, the witnesses being George Bair and Rudolph Bair.
